

Explore the future of driving with the Thorp Motor Group experience and secure your peace of mind with our exclusive 10-year warranty. When you book a test drive with Thorp MotorGroup, you're not just getting behind the wheel of an innovative vehicle; you're also ensuring its longevity with comprehensive coverage.

The Thorp 10-year/1 million km warranty is an extended warranty program that offers additional coverage to the vehicle's drivetrain components, complementing the original manufacturer's warranty. The key benefits include:

Extensive coverage up to 10 years or 1 million kilometres, whichever comes first.

Protection against mechanical or electrical breakdowns for peace of mind. Coverage for major drivetrain components like:

- **Engine:** Including all internally lubricated components, engine block, valves, and engine sensors.
- **Gearbox:** Manual/Automatic including all internally lubricated parts, gear lever, and sensors.
- **Turbo Assembly:** Original Manufacturer-fitted units and associated components.
- **Transfer Box:** Internally lubricated parts and casing.
- **Differential:** Internally lubricated components and sensors.
- **Differential Lock:** Internally lubricated parts and sensors.
- **Drive Shafts:** CV joints, propeller shafts, and universal joints.

Exclusions apply, such as damage from overheating, cambelt failure, or external causes.

Don't miss this opportunity for a worry-free driving experience. Book your test drive today and embrace the road with confidence and the assurance of Thorp Motor Group's extended protection.
